Students who would like to pursue art have many options to choose from at MHCC. Our college offers drawing, painting, sculpture, ceramics, basic design, and more. Those who would like to transfer to a four year college to pursue a BA or BFA degree should work with an adviser to plan their classes. The MHCC art department also has a large public gallery, with shows throughout each school year.

Curricular Outcomes

At the completion of this curriculum, students should be able to:

- Exhibit competence in visual language through the creative art practice.
- Apply rational and critical thinking skills when developing a project from concept to form.
- Identify the historical, multicultural and contemporary context they are working in.
- Articulate ideas expressed in artwork by integrating oral, written and visual communication skill.

Students interested in pursuing the Art major can complete the following courses toward the Arts & Letters requirement and/or electives on the AS (<https://catalog.mhcc.edu/degree-certificate-requirements/as/>) (recommended), AAOT, AGS or ASLA degrees. Students are highly encouraged to work with a university transfer adviser to ensure transferability of courses. Admitted students may also log on to Navigate (<https://mhcc.campus.eab.com/home/>) to start the process of building an academic plan based on this major and can notify an adviser for review.
