

ENGINEERING TECHNOLOGY - DEGREE

Associates of Applied Science Degree Program | mhcc.edu/
EngineeringTechnology (<http://mhcc.edu/EngineeringTechnology/>)

Faculty Adviser

Troy Donaldson: 503-491-7681 | AC2579 | Troy.Donaldson@mhcc.edu

This degree prepares students for entry level jobs in the engineering field. These workers support engineers, and may: complete drawings; design or oversee manufacturing and/or construction processes; and provide a link between engineers and craftspeople doing the work.

All core courses must be completed within 5 years in order for the degree to be awarded.

Program Outcomes

At the completion of this program, students should be able to:

- Demonstrate technical expertise in a minimum of three subject areas chosen from: engineering materials, applied mechanics, applied fluid sciences and fundamentals of electricity
- Use graphics software to enhance creativity and productivity in engineering design
- Calculate loads and determine stresses and displacements in elementary structural and mechanical systems
- Working in a team, apply technical expertise in creating a product from concept to working prototype
- Conduct standardized field and laboratory testing on concrete and soils
- Use both traditional and modern electronic surveying equipment
- Describe the ethical responsibilities of the engineering profession
- Describe sustainability in engineering and how it impacts products, business and communities

General education courses (such as math, writing, health, etc.) can be taken during any term, or before starting the program.

First Quarter

Fall		Credits
ET120	Engineering Problem Solving	4
MEC110	Introduction to Manual Machine Tools	3
MTH095	Intermediate Algebra with Right Triangle Trigonometry ★ (or elective, if placed above MTH095)	4-5
CIS120L	Computer Concepts Lab I ★	1
GE115	Engineering Graphics	3
Credits		15-16

Second Quarter

Winter		
ET221	Statics	4
ET116	Advanced Engineering Graphics	3
GE101	Engineering Orientation	4

MTH111Z	Precalculus I: Functions ★	4
Credits		15

Third Quarter

Spring		
ENGR248	Engineering Graphics: Solidworks	3
ET231	Basic Strengths of Materials	4
ET150	Plane Surveying	4
WR121Z	Composition I ★	4
Credits		15

Fourth Quarter

Fall		
ET222	Fluid Mechanics	3
ET227	Engineering Project Management	4
MEC131	AC/DC Electrical Systems	3
HPE295	Health and Fitness for Life ★	3
Credits		13

Fifth Quarter

Winter		
ET266	Concrete and Soil Technology	4
ET210	Sustainable Engineering	3
MEC141 or FT228	Pneumatics I or Introduction to Geographic Information Systems	3
WR227Z	Technical Writing ★	4
Human Relations course (https://catalog.mhcc.edu/degree-certificate-requirements/aas/#human)	HUM202 recommended	3
Credits		17

Sixth Quarter

Spring		
ET249 or FT221	Advanced Solidworks or Aerial Photo Interpretation and GPS	3
ET250	Project Capstone	4
ET263	Structural Design	4
ET215	Additive Modeling with Artificial Intelligence (AI)	4
Credits		15
Total Credits		90-91
