

FUNERAL SERVICE EDUCATION - DEGREE

Restricted Entry, Associate of Applied Science Degree Program
| mhcc.edu/FSE (<http://mhcc.edu/FSE/>)

Faculty Adviser

Doug Ferrin: 503-491-6940 | Doug.Ferrin@mhcc.edu

Accreditation

The Funeral Service Education degree program at Mt. Hood Community College is accredited by:

American Board of Funeral Service Education (<http://www.abfse.org>) (ABFSE)
992 Mantua Pike
Suite 108
Woodbury Heights, NJ 08097
Phone: 816-233-3747

The Associate of Applied Science degree in Funeral Service Education can be earned by following a prescribed course of instruction, which requires six quarters in residence. Transferring all non-FSE classes from accredited institutions may allow a student to complete his/her professional coursework in a three-quarter sequence, beginning each fall quarter.

One condition of graduation from the Funeral Service Education program is taking the National Board Examination (NBE), which is administered by the International Conference of Funeral Service Examining Boards. Most states require that applicants pass the NBE as one condition of receiving a license to practice funeral directing and embalming. National Board Examination pass rates, graduation rates, and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org/html/dir-or.html (<https://www.abfse.org/html/dir-or.html>) in the Directory of Accredited Programs. To request a printed copy of this program's scores and rates, go to room AC1554.

All core courses must be completed within 5 years in order for the degree to be awarded.

Program Outcomes

At the completion of this program, students should be able to:

- Explain the importance of funeral service professionals in developing relationships with the families and communities they serve.
- Identify standards of ethical conduct in funeral service practice.
- Interpret how federal, state, and local laws apply to funeral service in order to ensure compliance.
- Apply principles of public health and safety in the handling and preparation of human remains.
- Demonstrate technical skills in embalming and restorative art that are necessary for the preparation and handling of human remains.
- Demonstrate skills required for conducting arrangement conferences, visitations, services, and ceremonies.
- Describe the requirements and procedures for burial, cremation, and other accepted forms of final disposition of human remains.
- Describe methods to address the grief-related needs of the bereaved.

- Explain management skills associated with operating a funeral establishment.
- Demonstrate verbal and written communication skills and research skills needed for funeral service practice.

Note: When multiple course options are available, the recommended selection is listed first. All Funeral Service Education degree requirements must be completed with a grade of "C" or better. Before beginning the fourth quarter of the program, complete all non-FSE courses.

For the most part, courses that fulfill general education requirements can be taken in any term.

First Quarter		Credits
Fall		
MO111	Medical Terminology ★	4
FSE121	Funeral Service Orientation	3
WR121	English Composition ★	4
Health and Physical Education requirement (https://catalog.mhcc.edu/degree-certificate-requirements/aas/#health)		3
