

GEOGRAPHY - TRANSFER MAJOR

Faculty Adviser

Dr. Chris Gorsek: 503-491-7321 | Room AC2674 | Chris.Gorsek@mhcc.edu

Geography students learn about: the Earth's climate and soil; forms and features of the land; and how people relate to it all. Students also learn how to study, make sense of, and create maps. Because space and place affect many topics (such as health, climate, plants, and animals) geography can relate to many other college majors.

Students who would like to transfer to a four year college to study geography should work with their transfer school and an MHCC adviser.

Transfer Outcomes

The primary objective of MHCC's transfer programs is to fulfill general education requirements and prepare students for transferring to bachelor's degree programs. MHCC identifies the following core institutional outcomes as program outcomes for its transfer programs:

- Communication
- Cultural competence
- Quantitative reasoning and analysis
- Information literacy
- Critical thinking and problem solving
- Skills to promote personal wellness
- Civic and social responsibility

Students interested in pursuing the Geography major can complete the following courses toward the Social Science requirement or electives in the AAOT (<https://catalog.mhcc.edu/degree-certificate-requirements/aaot/>) (recommended), AS, AGS or ASLA degrees.

Code	Title	Credits
GEOG105	Introduction to Physical Geography	3
GEOG106	Introduction to World Regional Geography 🌐	3
GEOG107	Introduction to Cultural Geography 🌐	3
GEOG202	The Geography of Europe 🌐	3
GEOG206	Geography of Oregon 🌐	3
GEOG209	Geography of the Middle East and North Africa 🌐	3
GEOG214	Geography of Mexico and Central America 🌐	3
GEOG290	Environmental Problems and Restoration	3

The following Geography courses will count toward electives:

Code	Title	Credits
GEOG208	The Geography of the U.S. and Canada	3
GEOG265	Introduction of Geographic Information Systems	3
GEOG270	Criminology and the Geography of Crime	3
