History is the study of past events and changes over time in all aspects of human affairs. It is the story of who we are, where we come from, and can even reveal where we are headed.

Students who would like to transfer to a four year college to study history should work with their transfer school and an MHCC adviser.

Transfer Outcomes

The primary objective of MHCC's transfer programs is to fulfill general education requirements and prepare students for transferring to bachelor's degree programs. MHCC identifies the following core institutional outcomes as program outcomes for its transfer programs:

- Communication
- Cultural competence
- Quantitative reasoning and analysis
- Information literacy
- Critical thinking and problem solving
- Skills to promote personal wellness
- Civic and social responsibility

Students interested in pursuing the History major can complete the following courses toward the Social Science requirement or electives on the ASLA (<https://catalog.mhcc.edu/degree-certificate-requirements/asla/>)(recommended), AAOT, AS, or AGS degrees.
