INTEGRATED MEDIA: COMMERCIAL PHOTOGRAPHY ASSISTANT - CERTIFICATE

Career Pathway Certificate of Completion

Faculty Adviser

David Strohl: 503-491-7412 | Room AC1371 | David.Strohl@mhcc.edu

Students that complete the first year of the Photography program may also earn this Career Pathway Certificate (CPCC). It provides students with the basic tools and processes needed for working in the creative field.

Adobe Creative Cloud software (Lightroom, Photoshop, Dreamweaver, Acrobat) is taught in order for students to: prepare image files for printing; prepare images for online display; and manipulate, retouch and resize images.

Students can continue on into a second year to earn the AAS in Photography, where students develop more advanced skills, including digital video.

All core (IM, CP) courses must be completed within 10 years in order for the certificate to be awarded.

Certificate Outcomes

At the completion of this certificate, students should be able to:

- Apply critical thinking and problem-solving skills
- Collaborate effectively with others
- Demonstrate curiosity, imagination and ability to adapt to changing technology
- Use effective oral and written communication
- Access and analyze information
