MHCC's Video program teaches students how to film and produce, documentary, story telling, and commercial videos. Students who complete the program can work in a wide range of jobs, such as: camera assistant; digital image tech (DIT); grip; boom operator; production assistant; and assistant editor.

MHCC features state of the art film studios, high-definition gear, and Mac labs where students can edit both video and audio. The local film and ad industry provides internships for current students, and job prospects for those who complete the program.

***Required Equipment:** Students will need to own open or semi-open back headphones (\$80 - \$150 for a professional-level model) and a portable external hard drive (\$60 - \$100.)

All core courses must be completed within 5 years in order for the degree to be awarded.

Program Outcomes

At the completion of this program, students should be able to:

- Apply critical thinking and problem-solving skills
- Collaborate effectively with others
- Demonstrate curiosity, imagination and ability to adapt to changing technology
- Use effective oral and written communication
- Access and analyze information

General education courses (such as math, writing, health, etc.) can be taken during any term, or before starting the program.
